I will ask you three questions about this picture, and you will have one minute to answer each question. Please provide as much detail as possible when answering each of the questions.

- Q1) Please describe what you see in the picture in as much detail as possible.
- Q2) In the picture, the male professor explains why the female student got a failing grade on an assignment; however, she thinks her grade should be better. In your country, what do people think about students arguing about the grades given by a professor?
- Q3) If you were in this situation, what would you say to the professor?
